

OFFICERS SPREAD WIDE NET FOR CONVICTS WHO STOLE AUTOMOBILE AND ESCAPED AT HEBRON SUNDAY

Car Seen Going West of Hebron After Ball Players of Prison Team Disappear

ONE CONVICT A "LIFER"

Harry Smith, Former Resident of Bismarck, and William Singheim Get Away

Sheriffs, chiefs of police and other officials throughout western North Dakota and eastern Montana are searching today for the two convicts, who escaped at Hebron Sunday night. This afternoon no trace had been found on the fleeing men.

The two who escaped were Harry Smith, formerly a resident of Bismarck, who was sentenced to life imprisonment in 1916 for the murder of his wife, being received at the prison from Grand Forks county, and William Singheim, of Rolette county, received at the prison in 1918 to serve a three-year term for auto theft.

Play Ball Game

The two convicts were members of the prison baseball team which played the Hebron team at Hebron Sunday afternoon. It was the last scheduled game of the season outside the prison grounds, and it is believed the two convicts had planned to make their getaway on this last day—outside the prison walls.

The team was to return to Bismarck from Hebron on Northern Pacific train No. 4. The train was four hours late, not leaving Hebron until after 9 p. m. There was a large crowd of townspeople at the station, it being an unusual sight for the people to see a baseball team composed of convicts.

Steal Chiefs Car

The prisoners, who are members of the team, are considered "trusties" when out on a trip. They are put on their honor not to escape. When the train pulled out the two men were found missing, and a search was started.

It was learned that the automobile of Chief of Police Fred Klein of Hebron, had been stolen while he was attending the Evangelical church. The car, an Overland, was parked in front of the edifice.

"I am sure that it was the convicts that stole my car," said Chief Klein over the telephone to a Tribune reporter. "The convicts were around the streets while waiting for the train."

Seen Going West

"Two men made inquiries of Hebron people as to the best road to take out of town to the west, asking particularly about the Red Trail, its course and its condition. We got a report from a man who saw two men in an automobile three miles west of Hebron Sunday night which tallied with the description of my car. They also were seen going through Richardson."

Immediately after the escape of the convicts was discovered, sheriffs and others officials over a large area were notified.

Chief Klein said that his car was painted dark blue, had a spotlight on the rear and a tire rim.

Nothing else in the town was missing, so it is believed that the convicts did not obtain guns. Their purpose, in the opinion of Klein, was to drive west as far as they could safely, and then catch a train, either east or west. However, no trace of the car has been found, and it is possible that they drove it into the Bad Lands.

No blame is attached to any one of the prison guards, according to Beecher Stair, son and assistant of Warden L. L. Stair. He said the prisoners were put on their honor when taken with the ball team and had lived up to their trust in the past.

No disciplinary measures toward prisoners "has been taken as yet," he added.

HEARINGS SET IN TELEPHONE RATE CASES

Hearings on several applications of telephone companies for increases in rates will be heard at Devils Lake on Sept. 27, 28 and 29 by V. E. Smart state expert, representing the commission.

The hearings follow:

Sept. 27—Landmark Tel. Co.; Urban Tel. Co.; Kernan; Greaves Tel. Co.; Williams Mutual Tel. Co.

Sept. 28—Tri-County Tel. Co., of Petersburg; Park River Tel. Co.; Drayton Tel. Co.; Farmers Tel. Co.; Starkweather.

Sept. 29—Max Tel. Co.; Cavalier Tel. Exchange Co.; Cando Utilities Co.; Mohall Tel. Co.; Stanley Tel. Co.

No date has been set yet for hearing the petitions for increase in rates asked by the Northwestern Telephone Exchange company and the North Dakota Independent Telephone company which embrace most of the exchanges of the state.

BEACH WILL HAVE TWO HORSE SALES

Beach, N. D., Sept. 7.—Two horse sales will be held at Devils Lake, North Dakota, next month, in connection with the extension work of the Agricultural college.

Many farmers here expect to dispose of their extra horses at this time. Indications are that about 10 head of horses will be entered for each sale.

The daily papers held much interest for Senator Harlow nowadays. In the scant moments of rest that are now left to him, the Senator, as editor himself, reads the morning and evening papers carefully.

TRUST 'BUSTING' ACTION URGED BY COMMISSION

Federal Trade Commission Says There Was Deal to Boost Farm Implement Prices

ADVANCE OF 73 PERCENT

Washington, D. C., Sept. 7.—Accusations of the federal trade commission, against the manufacturers of farm implements, became known today in a report of the commission investigation which was authorized by the senate. The manufacturers are alleged to have taken concerted action to raise the price of farm implements.

The commission announced last night that it had recommended the re-opening of the anti-trust case against the International Harvester Co. and the institution of court proceedings against manufacturers and dealers who, the commission asserted, had illegally increased the prices of farm implements.

Advance 73 Percent

The investigation, the trade commission declared, showed that between 1911 and 1918 the prices of farm implements had advanced 73 percent. Advances in the cost of the processes of manufacture did not warrant, the commission said, of increases of this amount. Discouraging methods which the commission charges the officers and members of the manufacturers' association used to bring about and maintain the increased prices, the report states, that price competition was held in check by the advance in price recently made or intended to be made was discussed.

"The officers and members of the manufacturers' association realized," the report said, "that they were engaged in illegal operations, as is evidenced by the secrecy of their meetings."

ITALY SHAKEN BY EARTHQUAKE

Rome, Italy, Sept. 7.—Following marked earthquake shocks from points in Tuscany, casualties have resulted, reports stated, and authorities here have sent aid.

A shock lasting about five seconds was felt about 5:55 this morning, at Milne and Genoa, according to dispatches reaching here.

HOMES GET GAS BEFORE PLANTS, PRIORITY RULE

Columbus, Ohio, Sept. 7.—Household consumers of natural gas in Ohio will have first call on all gas supplies during the winter shortage under the law. A priority schedule denying gas to industrial consumers in time of shortage and giving it to private users has been announced by the Ohio State Public Utilities commission.

First on the priority list come homes, apartment houses and hotels, plants baking food by gas; then ordinary business houses; and last factories.

By this system gas will be available to home owners as long as there is gas to be had. However, in the same ruling the commission directs companies not to supply gas in excess of 35,000 cubic feet a month to houses. This is sufficient for all cooking but not enough to heat more than a small house in extreme weather.

COP FIGHTERS GET 30 DAYS AND FINE

Mandan, N. D., Sept. 7.—Ray McGowan and Bob Winkler, the two young Mandan men who beat up the night policeman last week, were arraigned before Justice Hecke and each was given 30 days in jail and a fine of \$100.

TOWN CRIERS CLUB FORMED TO AID CITY

Phil J. Meyer Is Elected President of New Boosters' Organization

PURPOSE IS EXPLAINED

Club to Be Affiliated With Associated Advertising Clubs in Vigilance Work

The Town Criers club of Bismarck is on the march today.

The club was organized Sunday morning at a conference of a number of the younger Bismarck business men. It was to be installed tonight by a delegation from Minot, which also was to install a club at Mandan, but the Minot men are unable to come and the installation will be held several days later.

The club has one major purpose—to boost Bismarck and to contribute its combined strength to the promotion of the city's welfare in every way.

The officers are:

President—Phil J. Meyer.

Vice president—J. C. Anderson.

Secretary—George N. Keniston.

Treasurer—C. A. Barton.

Board of Governors

G. A. Hassel, of A. W. Lucas & Co., was elected member of the board of governors, the board being composed of the four officers and one elective member.

Mr. Hassel, who was president of the Town Criers club of Minot, explained the purpose of the organization and told of what it had accomplished at Minot.

The club is affiliated with the Associated Advertising Clubs of the World. Its purpose, along this line, is to vigilantly guard truth, advertising, to promote better advertising and to bring its full strength against dishonest advertising.

Minot Clubs Work

The Associated Advertising Clubs of the World has made wonderful records in exposing false advertising schemes over the entire country. Its vigilance committee keeps a watchful eye on advertising over the entire country, and has reduced extravagant or false advertising to a minimum.

The Town Criers club at Minot has become the "promotion branch" of the city. Mr. Hassel told the men who were assembled.

Bismarck, he declared, was without doubt the most modern and most attractive city in North Dakota, but that many people did not know it.

The Town Criers club, starting with a small nucleus, expects to enroll a great city boosters organization, which will extend a glad hand to every stranger, and to advertise the city.

Club Welcomed

G. N. Keniston, secretary of the Commercial club, said that the organization would welcome the aid of the Town Criers club. To insure the closest coordination between the two bodies Mr. Keniston was made secretary of the Town Criers club.

Charter members of the organization are: H. S. Dobler, Harry Webb, H. S. Verduyn, Phil Meyer, G. A. Hassel, C. A. Barton, Arthur Guesser, Fred Peterson, E. V. Lahr, Al Rosen, G. N. Keniston, E. H. Webber, Bert Finney, Bill Register and Wm. S. Neal.

Best Evidence to Prove Governor's Charges

Chicago, Sept. 7.—The Senatorial committee investigating campaign expenditures is not seeking "the best evidence" to prove Governor Cox's charges against the Republican party, Edmund H. Moore, Youngstown, O., the Governor's personal representative told the committee on the stand today. Moore told Senator Kenyon there were men better able to tell of the Republican plan than either he or Governor Cox and asked why Col. William Boyce Thompson, of New York, chairman of the Republican "sixty men of the paid organization" ways and means committee, and the were not called.

Governor Cox has no evidence in support of his charges, outside of what Moore brought to Chicago, him, the witness said. As he spoke he unfolded a massive brief case and took out a stack of papers that apparently numbered several hundred sheets.

Governor Cox sent him to Chicago, Mr. Moore said, to give the committee the list from whom the senators "could get the information to support the Governor's charges."

Mentions Blair

He mentioned Harry M. Blair, first assistant to Fred W. Upham, Republican national treasurer, and several other employees of Upham's office.

Signs of friction developed when Senator Kenyon questioned Mr. Moore about an interview which appeared in newspapers last week.

Moore Gets Excited

The chairman asked Mr. Moore if he had said the committee was afraid to call him to the stand and if he had said the committee was not seeking the best evidence to prove Governor Cox's charges.

"I did not!" the witness exclaimed. "You don't need to get angry," Senator Kenyon said.

"I am not getting angry. What I said was that you were not seeking the best evidence and I say it again. You are not," the witness said.

FOURTEEN DIE IN HOTEL FIRE

Klamath Falls, Ore., Sept. 7.—Fourteen persons were trapped in their sleep and burned to death in the fire that swept the Houston hotel and part of the business district here yesterday. The fire started of undetermined origin in the first story of the hotel and caused a property loss of \$300,000. Searches of the debris may reveal other deaths, officials believe.

Seven guests of the hotel who escaped incineration are suffering from burns or injuries sustaining by jumping.

BIG MERCER CO. FAIR AND ROUND-UP ON THIS WEEK

Beulah, Sept. 7.—The Mercer county fair and round-up will be held here Sept. 8, 9 and 10.

The exhibits include both agricultural products and livestock. According to A. D. Brown, secretary of the fair association the exhibits will be larger than ever before.

The Great Western carnival company will have shows at the fair. Lieut. Ely will fly in his airplane each day, an Indian baseball team from Ellsworths will play Beulah, and the Beulah band will furnish music. The Beulah band will play Sept. 8, the Dunn Center band Sept. 9 and the Center band, Sept. 10.

Two hundred dollars in prizes are offered in the riding contest. Ed Holund will be arena director. First prize prize is \$75. Twenty-five dollars is offered for the hardest bucking horse, and prizes are offered for steer riding.

MINOT WILL VOTE ON FAIR TAX ACT

Minot, Sept. 7.—County commissioners of Ward county have ordered submitted to a vote of the people the question of levying a half mill tax for county fair purposes.

GOVERNOR COX, ENTERING STATE TODAY, ASKS NORTH DAKOTANS TO VOTE FOR THE LEAGUE OF NATIONS

SEEK BLAME IN CAR CRASH THAT COST 11 LIVES

Coroner Summons Jury at Denver to Begin Complete Investigation

CONDUCTOR'S STATEMENT

Denver, Colo., Sept. 7.—With 11 dead and 39 injured as the result of a head on collision between two interurban trains near Groversville yesterday, Adams county officials today began an investigation to fix the responsibility.

We will attempt to establish the cause of the wreck on those who in our estimate are responsible, declared Coroner Jones in summoning a jury for the inquest to be held this afternoon.

The accident occurred shortly after a special train carrying an excursion party, left Groversville, a Denver suburb. The regular train, behind on its schedule, crashed around a curve one-half mile from Groversville, while the motor men of both trains slammed on their brakes in a vain attempt to halt the trains.

"I had not gotten a time card in the morning before I started out in the whole thing never would have happened, said Conductor Schulz, of the special train. "But they didn't have any when I asked for them, and I trusted everything to my motorman, Lawrence Cripps, because he had been there so long and knew all the regular trains."

The conductor of the special train was a freight conductor on the Colorado and Southern, assigned to extra duty on the interurban, a statement by C. S. Richards, general agent of the Denver and Interurban railroad, said.

"In running past Groversville, the special exceeded its rights," he said.

Strong For League

The league the Governor said was secured by the force of American arms and he reiterated that American civilians now have the duty of putting into force "what our boys want." He also denounced the alleged Republican plan for a separate peace with Germany and urged disarmament, provided it is under the treaty.

Although only a half-hour stop here or a rear platform address had been arranged the Governor's schedule was changed so that he could prolong his speech here and also make rear platform addresses at Leeds, Renville, Rugby and Tower on his way to Minot.

POISON TAKEN BY STRANGER; WILL RECOVER

Jacob Robinson Found Near River Sunday Evening in Serious Condition

Jacob Robinson, supposedly of St. Louis, attempted to commit suicide by eating bi-chloride of mercury tablets, near the river Sunday evening. He was found by a farmer about 9 p. m. and brought to the Bismarck hospital. He is expected to live.

Robinson, as far as can be determined, came to Bismarck Sunday and registered at the Van Horn hotel, giving his home as St. Louis. Nothing more was seen of him there until later in the evening when a search was made for his baggage.

Dr. H. A. Brandes attended to him at the hospital Sunday evening and yesterday. He reports that Robinson is much better today, although he refuses to talk about the act or give any explanation for the attempt to end his life.

Police officials searched his grip Sunday evening and found no trace of any cause for the act. His baggage was in a very orderly condition. The bi-chloride of mercury tablets were obtained at a local drug store, on the statement that he wished to use them for disinfecting purposes.

WOMEN MUST PAY \$12,000 COSTS FOR THEIR VOTE

Washington, Sept. 7.—Having won their fight for ratification of the woman suffrage amendment by the Tennessee legislature the leaders of the National Woman's party are now casting about for \$12,000 to defray the expense incurred in the campaign in that state.

To raise the money to meet the deficit the Woman's party leaders are sending out six thousand letters to suffragists in all parts of the country. Miss Alice Paul will delay her trip to New York to confer with the executive committee on future policies until after these appeals for funds have all been put in the mails.

FAKE LANDLORDS TROUBLE NEWARK

Newark, N. J., Sept. 7.—Police here today were on the lookout for a new kind of rent profiteer, the kind who accepts deposits but has nothing to rent.

Scores of anxious would-be tenants complained to authorities here today that they had made deposits ranging from \$10 to \$20 to a man who started around new apartment buildings posing as the landlord.

FATALITY IN PLANE CRASH

Napoleon, N. D., Sept. 7.—Word has been received here that Martin H. Heister, a former Napoleon man, was probably fatally injured when a seaplane, which he was flying, crashed 2,000 feet to earth.

Heister was at the Great Lakes Naval Training station, and it is believed he lost control of the machine.

DICKINSON PAPER GOES TO \$3 RATE

Dickinson, Sept. 7.—The Dickinson Press announces that after 11 1/2, 1920 its year's subscription rate will be \$3.00 a year. Many weekly papers in North Dakota are adopting this rate, because of the rapidly mounting cost of news-print and other newspaper expenses.

BIG SALE OF LUCAS & CO. TO START TUESDAY

Suits, Waists, Shoes and Others
Damaged by Smoke to
Be Sold

A. W. Lucas & Co. arrived at an adjustment with the insurance companies Friday covering loss by smoke in their ready to wear section a week ago during the fire that wiped out the store of the Eagle Hat Works.

Mr. Lucas announced today that the sale would begin Tuesday morning. Prices have been slashed from twenty to fifty per cent. on suits, coats, dresses, waists, shoes, etc. There will be no charges, no approvals or no goods reserved. The sale will be conducted on a strictly cash basis and the company promises some record price slashing on its large stock of ready-to-wear goods. A corps of extra clerks has been engaged so as to give excellent service.

The management desires to call attention of Tribune readers to the announcement elsewhere in this paper.

SPECIAL RATE ON LINTON LINE IS SECURED BY FAIR

Thomas H. Sullivan, assistant secretary of the Missouri Slope fair association announced this morning that the reduced railroad fare of one-half the regular rate for a round-trip ticket, had been secured on the Linton branch.

When the fare opens Sept. 14 reduced rates will be in effect on all the surrounding railroad lines. Special trains will be run daily between Mandan and Bismarck.

ELKS WILL HELP WELCOME MANDAN FAIR BOOSTERS

When the Mandan men boosting the Missouri Slope fair arrive here some night next week the Elks' band and a big crowd will be on hand to welcome them.

The Elks were to have a pavement dance last evening but on account of the poor weather it was postponed. The Elks' committee now plan to hold their pavement dance the same night that the Mandan Boosters visit Bismarck.

The final arrangements have not been completed as yet, but present plans are to make Friday evening the big night. The Elks' dance was originally postponed until Friday evening and if the Mandan men can arrange to come on that evening they will join with the Bismarck people for an evening of merriment.

Stop Buying So Much Gas!

The Overland Sedan

*Costs by the Month, Saves by the Mile!
Eats Up Distance, Saves Dollars!*

On a railroad it is the trip and not the ticket that completes the transaction; and it is so with an automobile.

No institution can build up good-will on good-byes.

The Willys-Overland organization is just as interested in Overland owners after they have bought as before they are sold.

Saving you money on the up-keep is just as important as saving you money on the price of the car. And when gasoline began to go up four years ago, word went out to our designers that Overland owners must be protected, and the price of gasoline must be brought down—but not at the price of comfort!—get that, for that was the crux of the problem.

Hypothetically, it was impossible, and yet—

Under the stimulus of a great public need, and spurred on by the pride of a great reputation, the designers of the Overland have Done the Thing that Couldn't

be Done! — they have unraveled still another insoluble secret of mechanics, by creating that marvel of mechanism, the new Suspension Triplex Spring, permitting the use of light alloy steels for economy, and acting as a pneumatic buffer between the road and you!

What the new Overland car and its remarkable improvements cost to create we shall never know. But we do know that it cost \$6,000,000 to get ready to incorporate them into the new Overland car, and that the Overland car was a great car before these improvements were initiated and adopted.

So it seems a fair conclusion: That an institution that will voluntarily upset the ramifications of one of the greatest automobile manufacturing plants in the world, in order to reduce the gasoline bills of Overland owners, justifies the past, the future, and the immediate confidence of the American people.

LANGER MAKES LEMKE ANSWER; DENIES 'FRAME'

Refers to Deals of J. W. Brinton, and Denies He's in Alliance With Him

WAS TOWNLEY CHOICE

Answering William Lemke's letter in which he said he was, at the behest of the Governor, investigating the actions of William Langer, Attorney General, Mr. Langer replied to Lemke:

"You have sufficient money, so I won't offer you any," said Mr. Langer to Lemke in his letter. "But I offer the Governor a thousand dollars if you, or any other of his special assistants, will prove to the supreme court, four of whom were elected by your organization, that I have ever done one crooked act in my life."

Denying an allegiance with J. W. Brinton in the criminal libel case brought against him, Langer assails Brinton for his acts while in the confidence of Townley and Lemke as an important factor in the league organization. He refers to Brinton as "the man whom you and Townley sent out to organize the stores and who took over a million dollars of the farmers' money for you to use" and "who in spite of my protests to you to Townley, and to Frazier, put over the rotten newspaper graft law and collected hundreds of thousands of dollars more for you to control."

He refers to the resolution introduced in the legislature by Senator Fred Nees, charging that Brinton got \$62,000 out of the league newspaper deals, and says "the record in the senate shows that you and Townley protected (Brinton) from Senator Nees and refused to permit a committee to be appointed to investigate him and his activities."

He charges that Brinton was chosen by Townley to heckle him while he was making speeches against the newspaper graft law and in defense of Miss Nielson, and says Brinton was or years "on the pay roll of either the league, your stores company or allied concerns."

Mr. Langer declares to Lemke that Brinton "is yours and Townley's, not my 'patriot'." "You in violation of your promises to the farmers, are now seeking the Attorney-Generalship," says Langer to Lemke, and asks if it is to protect H. J. Hagen, of the Scandinavian-American bank, or P. R. Sherman, cashier, or "to protect the railroad companies in the increase in freight rates which your commission gave them last week?"

Standard Oil Case
Continuing, he says, "It is because I alone beat the Standard Oil company by a decision of two to one, and because at a special session of the legislature, called by Frazier, the law was changed at their request. Do you want them protected?"

Brinton attacks the Bank of North Dakota. He says that there was embezzlement and misappropriation of funds there. He says that you and Townley know about it. This is criminal libel. If you men, who are at the head of the farmers organization, aren't big enough to bring Brinton up before the courts of this state, then the people of this state have an Attorney General who isn't afraid to do it—who is not scared of you and your lying newspapers.

He brands the charge of "frame-up" as a cowardly attack.

His letter follows in part:

Seniors Brinton

TO WILLIAM LEMKE:

"I am just in receipt of your letter of August 29th, and in reply have this to say:

"J. W. Brinton, the man whom you and Townley sent out to organize the stores and who took over a million dollars of the farmers' money for you to use.

"J. W. Brinton, who, in spite of my protests to you, to Townley, and to Frazier, put over the rotten newspaper graft law and collected hundreds of thousands of dollars more for you to control.

"J. W. Brinton, whom my friend Senator Fred Nees of Morton county, in a resolution dated the 29th day of November, 1918, charged on the floor of the Senate with grafting \$62,000 and demanded that your Nonpartisan senate investigate.

"J. W. Brinton, who the record of the Senate shows that you and Townley protected from Senator Nees and refused to permit a committee to be appointed to investigate him and his activities.

A Townley Aid
"J. W. Brinton who assisted you and Townley in your black brained scheme in getting the farmers' money and notes.

"J. W. Brinton, for a long while the right hand hired man for A. C. Townley and yourself.

"J. W. Brinton, the man sent to Florida by Townley.

"J. W. Brinton, chosen by you and Townley to heckle me while I was giving speeches against the newspaper graft law and in defense of Miss Nielson.

"J. W. Brinton, who for years has been on the pay roll of either the league, your stores company or allied concerns.

"J. W. Brinton, who joined yourself, A. C. Townley, E. W. Everson, President of the I. V. A., Senator Porter J. McCumber and Jim Shea, in fighting me politically only a few weeks ago.

"J. W. Brinton is yours and Townley's, not my 'patriot'."

"He has the same, money loving complexion."

"He has the same love for autocratic power as yourself."

"You, in violation of your promises to the farmers, are now seeking the Attorney-Generalship."

"Why?"

"Is it because you wish to protect H. J. Hagen, whom I arrested?"

"Is it because you wish to protect P. R. Sherman, Cashier of your bank, whom I arrested?"

"Is it because you wish to protect the Fruit Trust which I have sued, and which will likely appeal?"

"Is it because you wish to protect the railroad companies in the increase

Why you must wash your face every day

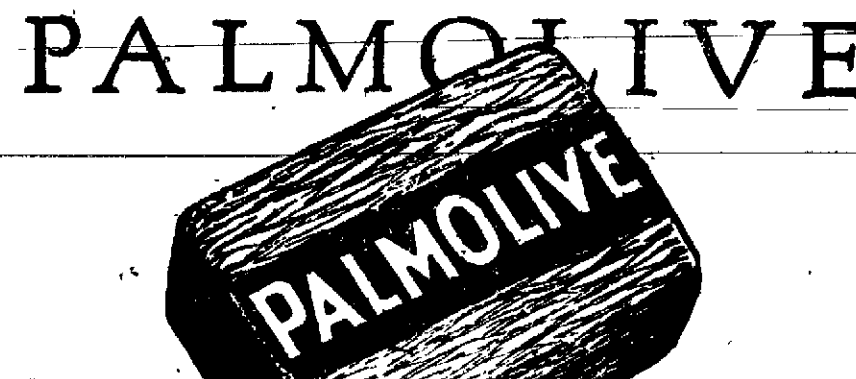

BECAUSE the network of tiny pores and minute glands, which constitutes what we call the skin, must be cleansed thoroughly every day. Otherwise they clog with dirt, dust and oil secretions. Then you soon have blackheads and pimples.

Wash away these poisonous secretions every day with the mild, soothing lather of Palmolive. This refreshes the complexion and allows the skin to breathe.

Result, a clear complexion, a smooth complexion, a fresh, rosy complexion, a complexion blooming with the beauty of health.

(If your skin is very dry, apply a little Palmolive Cold Cream before washing. This will keep it smooth and flexible.)

THE PALMOLIVE COMPANY, MILWAUKEE, U. S. A.

Why it is reasonably priced

If Palmolive was made in limited quantity for the favored few, if its use was restricted as in the old days when Palm and Olive oils were the prerogative of royalty, Palmolive would be a very expensive soap.

But because millions use it, the price is no more than that of ordinary soap.

Thus every woman may enjoy its beneficial action, and can obtain it always wherever she may i.e. Palmolive is sold everywhere by leading dealers.

Copyright 1920—The Palmolive Company (1877)

Be sure to use Palmolive

Its ingredients are the mildest, most soothing of natural cleansers. The use of Palm and Olive oils was discovered 3,000 years ago in ancient Egypt. They produce a wonderful profuse lather, mild and rich as cream.

Massage this creamy lather lightly into your skin with your two hands. Then dash on the rinsing water. Finish with Palmolive Cold Cream.

Do this thorough cleansing just before bedtime and you will wake with a becomingly fresh complexion.

in freight rates which your commission gave them last week?

"Is it because you wish to protect Townley when the people wake up and see him in his true light?"

"Is it because you wish to protect the crooks mixed up in the Scandinavian American Bank, the deal in which you were afraid to let me call a single witness?"

"Is it because you wish to protect members of the Minneapolis Chamber of Commerce whom I arrested and which cases come up in October and November?"

"Is it because I alone beat the Standard Oil Company by a decision of two to one, and because at a special session of the Legislature called by Frazier, the law was changed at their request. Do they want to be protected?"

"You speak of what you are investigating at the behest of the Governor?"

"You have sufficient money so I won't offer you any."

"But I offer the Governor a thousand dollars (\$1,000) if you, or any other of his Special Assistants, will prove to the Supreme Court, four of

whom were elected by your organization, that I have ever done one crooked act in my life."

"Brinton attacks the Bank of North Dakota."

"He says that there was embezzlement and misappropriation of funds there."

"He says that you and Townley know about it."

"This is criminal libel."

"If you men, who are at the head of the farmers organization, aren't big enough to bring Brinton up before the Courts of this State, then the people of this State have an Attorney General who isn't afraid to do it—who is not scared of you and your fifty-three lying newspapers."

"Are you afraid to have Townley's right hand man Brinton face the trial he so richly merits. If he is not telling the truth, are you yourself afraid of the witness stand? Is Townley afraid of the witness stand?"

"You and Townley yelled 'Frame-Up.' There can be none."

"Any fool can see there can be none when I offered you an attorney appointed by yourself to try the case."

before a jury selected by yourself, and in any county selected by yourselves. You can't fool the people by calling me names, they'll soon know you for what you are—just plain-sold low, long fingered cures, snapping at honest men as they walk by if they refuse to throw you \$6,000,000 of the states money without cause—and do all of your other dirty bidding."

The first piano was made in the latter part of the 18th century.

FRUIT OF FAITH
An invalid boy in a Cincinnati hospital had been on crutches so long that he was afraid to go without them, even after the doctors told him he could walk if he only tried.

(He was like those grown folks who, lacking faith in themselves, fear to stand on their own feet, lest they fall.)

Finally the doctors told the boy they would give him a plot in the hospital garden in which he could grow things good to eat. But every day he would have to walk to the garden without his crutches.

"I want to grow a muskmelon," said the boy. And a wonderful thing happened the day they gave him the seed. He walked part of the way to the garden without his crutches!

(Is it not thus with all of us? The more definite our object in life, the more confident our footsteps. The aimless wanderer never arrives.)

And each day he walked farther towards his garden plot without his crutches until at last he discarded them altogether.

The muskmelon he raised was a poor, little, stunted thing, scarcely fit to be eaten, but at the county fair the judges awarded it first prize because it was the perfect fruit of faith.

"Two-thirds of failure comes from the fear of failure," some one has said. The greatest of undeveloped resources is the human mind and one does not find there what God has given until, like the little boy, he sloughs off fear and substitutes "I Will" for "I Can't."

OWN PLATINUM
Madame, you may have to register your platinum wrist watch with the United States government before long.
Because clever crooks stole 2,000 ounces of platinum from a government plant in the south and sold it without difficulty in New York, platinum owners are discussing ways and means to make such thefts and sales impossible, or at least unprofitable, to thieves.
Platinum is worth \$105 an ounce. It is extremely heavy. At \$1,680 a pound, a fair-sized

PUBLIC SCHOOLS OPEN FOR YEAR
Bismarck boys and girls turned out bright and early this morning to begin the school year. At eight-thirty the school yards were filled with frolicking children.
The enrollment in all schools was large, though the exact figures will not be available for a few days. The school year has started.
St. Mary's school opened on Monday, with a good enrollment.
Girl for dishwashing.—Chocolat Shop.

Stomach Out Of Order? Try NR
Nothing Better to Straighten You Out After Eating Too Much. Tones Liver, Regulates Bowels. Acts Pleasantly. Guaranteed.
Many people eat too much every day and most eat much too much some days. That is why Americans suffer more than any people in the world from indigestion, biliousness and constipation.
With a little thoughtfulness and care, however, a great amount of this distress could be avoided and you'll never realize how true this is until you become one of the several million people of this country who keep a box of Nature's Remedy (NR) tablets constantly on hand and use it whenever indigestion, biliousness or constipation threatens.
Unlike laxative purges, cathartics, such as oil, calomel, etc., which merely force bowel action, Nature's Remedy exerts a beneficial influence upon the entire digestive and eliminative system—the stomach, liver, bowels and even the kidneys. Its purpose is to promote vigorous and harmonious action of all the organs that handle the food and body waste.
That is why the results which follow the use of Nature's Remedy are always a delightful surprise to those who first try it. The action which is prompt and thorough, is as mild and gentle and pleasant as Nature herself, and the thorough cleansing the body receives brings a feeling of real relief and better health. No laxative pill or cathartic ever produced for anyone.
Get a 25c box of Nature's Remedy (NR) tablets and try it. There is no risk in doing so, for it must give you greater relief and better health than any liver or bowel medicine you ever used or money back instantly. It is sold, guaranteed and recommended by your druggist.
Nature's Remedy NR TABLETS
NR Tonight—Get a Tomorrow Feel Right! 25c Box

fortune in this metal can be carried in an overcoat pocket.
Every laboratory in the country has a greater or lesser amount of platinum. It is essential in many industries, electrical and chemical, and is now widely used in the manufacture of jewelry.
Because of the great shortage and demand for platinum, platinum thieves have become expert. Scores of refiners buy scrap platinum, and they have not always been careful in examining those who come to sell.
Now one leading chemical magazine suggests that the government protect platinum owners by compelling the registration of every platinum sale. That would mean that when you buy a platinum wedding ring, or the chemist purchases a platinum crucible, you and he must tell the government. You will be given a certificate.
Obviously, the thief endeavoring to sell stolen platinum will be unable to furnish a government certificate of legitimate possession and will be "hoist on his own petard."

"NO MORE WAR!"
Under the surface of diplomacy and government in Europe there is stirring a force—ominous or promising, according to the point of view—that is having a vast influence on the course of world history. Little has been said about it. But consider these significant facts:
In England, the representatives of 6,000,000 organized trades unionists have met and served notice on Lloyd George that any attempt to go to war to assist Poland will mean a general strike of labor in Britain;
In France, the government is compelled to hold large bodies of troops in Paris to suppress revolutionary demonstrations by working men are opposed to the recognition recently given by France to Baron Wrangel in South Russia;
In Italy, the government, under threat by revolutionary workingmen's organizations, has been forced to agree to mutual peace with Russia and to open trade relations, while attempts to send arms and munitions to Poland have been stopped by workers refusing to handle the trains and ships;
In Austria and Czecho-Slovakia the workers have refused to handle munitions intended for the Polish front;
In Germany, the workers have refused to permit trains of munitions to go forward and the government, under pressure of the workers, has been forced to deny France the right to send troops across Germany;
In Belgium, the International Seamen's Conference at Brussels adopted a resolution refusing to handle troops or munitions.
All this means one thing. Vast bodies of workers have issued the decree: "NO MORE WAR!"
The men and women who have suffered for four long, terrible years of bloodshed have decided that they will have no more of it. If there is any fighting and dying to be done, they have decided to do it at home, in an effort to prevent war. The actions of governments in Europe may be watched with interest in the knowledge of this latest decree of the workers.

BANKS NEED AMBITIOUS BOYS
Nearly 700 banks employ students of Dakota Business College, Fargo, N. D., because they are trained hustlers—many developing into officers and executives.
Recently the First National Bank of Killebrew wired for a capable book-keeper and teller. D. Swanson was sent. The Citizens National Bank, Casper, Wyo., got F. H. Champlin. The First National Bank, Fairview, Mont., secured Geo. Clark.
To fill prospective positions a 1000-New-Pupil Club was formed. Join it and "Follow the Successful." Write F. L. Watkins, P. S., 806 Front St., Fargo, N. D.

BRINTONS GIVEN ENTIRE CONTROL OF PAPER PLANT
J. W. Brinton and C. M. Brinton, representing the majority stockholders of the Burleigh County Farmers Press have secured a restraining order from Judge W. L. Nussale, of the Burleigh county district court prohibiting the Publishers Service Bureau, William Leake, F. E. Wood, A. C. Townley, Charles Heck, Sam S. Halslet, H. P. Knappen, and C. K. Gummerson, from obtaining physical possession of the Paladium plant or in anyway interfering with the publication and circulation of the Burleigh County Farmers Press.
The order, which is returnable Sept. 13, charges that the defendants, Knappen and others, have attempted or threatened to obtain physical possession of the plant, and that they did lock the doors of the building and interfere with the employees of the plant.
According to the papers filed the stockholders met Sept. 2, and named J. W. Brinton manager and editor of the corporation.
WALLACE REID STAR IN RACING PICTURE "EXCUSE MY DUST"
Sequel to "The Roaring Road" is Exciting Story Packed With Many a Thrill

An exciting automobile race is the big feature in "Excuse My Dust," the latest picture starring Wallace Reid, which is coming to the Eltinge theatre for two days commencing tonight. This photoplay is designed as a sequel to "The Roaring Road," a previous automobile picture with Mr. Reid, and like its predecessor, is based upon an original magazine story by Byron Morgan.
Wallace Reid is again "Toodles" Walden, manager of the Western branch of "Darcos" cars. The "Darcos" engineers have a new motor, a marvel for speed and power, which their rivals, the "Fargots," people, are anxious to inspect by fair means or foul. To prevent "Toodles" who is his son-in-law, from racing, J. D. Ward, the "Bear" and president of the "Darcos" concern, has his driver's license taken away for sixty days and sells the three "Darcos" racing cars. But when the "Fargot" company challenges the "Darcos" to a road race from Los Angeles to San Francisco, "Toodles" secretly buys back one of the cars and enters the race. The other two "Darcos" have been purchased by the "Fargot" people and disguised as their own cars.
In the race "Toodles" is nearly wrecked by his rivals, but succeeds in eluding them, finally reaching San Francisco only to find that old J. D. himself has won the race with the wonderful new "Darcos" motor. The "Bear" has entered the contest to protect "Toodles." Wallace Reid is supported in "Excuse My Dust," by such favorites as Ann Little, Theodore Roberts, Tully Marshall, and Guy Oliver. Sam Wood directed and it is a Paramount Afteract.

NOTICE
The first regular meeting of the Homestead League No. 300 will be held in the K. of P. Hall, Tuesday night, September 7th. All members are urged to attend as plans for business and social events for the coming season will be discussed. A social dance will be indulged in beginning about nine thirty to which all friends of the Homesteaders are cordially invited.

ARM BROKEN IN PITCHING BALL
Sam Warford, an old time wrestler, broke his arm while pitching in a ball game at Fort Rice Sunday.
Warford raised his arm to pitch the ball and in bringing down his arm the muscular tension was so great that the bones in his arm were fractured.
The physician, who attended him, said that this is a very rare occurrence, happening only when the strength of the muscles is greater than the strength of the bones.
CUT THIS OUT—IT IS WORTH MONEY
Cut out this slip, enclose with 5c and mail it to Foley Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pains in sides and back, rheumatism, backache, kidney and bladder ailments, and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache and sluggish bowels.

BIG STOCK SALE.
Devils Lake, N. D., Sept. 7.—One of the biggest sales of registered short-horn cattle ever held in the lake region will open here Thursday, Oct. 14, under the auspices of the Lake Region Short-horn Breeders' association, according to an announcement by William Guy, secretary of the association. More than 100 specimens of the first short-horn cattle in this region will be placed on sale, the secretary said.

LETTER FROM MRS. BRUCE
Tells Remarkable Story of Sickness and Recovery.
Brooksbury, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others."
—Mrs. J. M. Bruce, R. F. D. 3, Brooksbury, Ind.
The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.
If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

EVENTS AND GOSSIP FOR THE FANS

BISMARCK CLUB TAKES PAIR OF GAMES AGAINST WILTON

Charley Boardman Humbled in the First One Here Sunday in Fast Game

CUNNINGHAM QUILTS 'EM

Jimmy Doesn't Survive Bombardment—Locals Come From Behind to Win

Just about the sweetest way to win a ball game is for a team to come behind to do it. And that's the way Bismarck won from Wilton Labor day, the second win in two days. The score was 12 to 6. With the score tied, Capt. Dolly Elders wicked willow wallpapers went to bat in the ninth and slammed in six runs.

Bismarck's club has won a lot of games that way this season. The locals seem to have a habit of spotting the other side a few runs. Behind right along to the eighth inning, the Bismarck players didn't give up. They were out to get Cunningham's goat, and they got it.

Jimmy Cunningham has suffered bitter defeat more than once at Bismarck's hands. He may have thought he was going to win Monday. Needham got away to a bad start. With some breaks, Wilton made three hits in the first inning and four in the second getting six runs in the two innings. After that "Lefty" pitched great ball, allowing but three scattered hits and no runs.

Al's Long Hit

When Al Anderson hit a ball so hard in the ninth that he touched home plate by the time the fielder touched the ball, Wilton quit. Jimmy Cunningham had already quit.

Some one ought to inform Cunningham of what's going on in the baseball world. He evidently hadn't read that Carl Mays killed Ray Chapman with a pitched ball, or that a player in South Dakota suffered a fractured skull by being hit by a pitched ball. Cunningham pitched bean balls steadily. He hit Christy and M. Anderson, and he took special pains, apparently, to aim at Sterling's head. That was bad enough but Jimmy made it all the worse by quitting cold in the ninth inning. Perhaps Cunningham didn't deliberately and consistently throw the ball at the Bismarck batters' heads. If he didn't we apologize. It looked as if he did, and if so, he ought to be barred from every ball park in the Missouri Slope.

That Big Inning

But to get back to that one big inning. Elder slammed one to short and was safe. Cunningham had brought R. Manley, a fielder into short. Cunningham quit, going to second base, and Drummond taking the hill. Harper got a two-bagger, scoring Elder. Franky, of reliable, smashed a wicked drive to center for a home run. Flinn then went on the mound. Somehow, it didn't seem right, but he struck out Miller Anderson. Nordland got a two-bagger and Christy a single. A Anderson then hit his remarkable long drive to left for a homer and that ended the Bismarck City's afternoon entertainment.

Cunningham was not the only man to quit. The Wilton umpire became disgusted at looks on his work and threw down his mask. Christy used his right arm to advantage by throwing a man out at the plate from right field. Dolly Elder, Harper and Sterling played mighty fast ball in the infield, and the whole team had the necessary fight.

A lot of local fans went up to see the game. The team plays one more game before the end. The team went to Linton today and then disbanded.

Sunday's Game

There's Casey at the bat. Morkle's homer and a few other baseball "insides" well known to all fans. But we've a little classic all of our own today. And it will be rehearsed many times in the stove league this winter. It's "Christy" Christensen's slide.

A lot of people will differ on their description of that momentous effort, which came in the fifth inning of Sunday's game. Of course, Christy got there. That's his main point. But ours is how he did it. Christy got on first on a fielder's choice. Tough luck robbed him of a hit. Christy was cavorting off first and was trapped. That's Wilton thought Christy was trapped. But Wilton didn't know Christy. It does, now, Charley Boardman threw to first as Christy was going back. The ball caromed nicely off Christy's shoulder and bounded past first. And Christy bounded off toward second. He may have stopped in a kopher hole or just got tired. Anyway Christy fell down a few feet from the bag. But he didn't stop. He scrambled to the bag, making a mighty grab for it. There's the crawl stroke in swimming and some compare Christy's effort to that. And there's the shimmy, and Christy looked a lot like he was introducing the shimmy in baseball. Anyway the crowd liked it, and the fans are mighty glad to know Christy is now a resident of Bismarck, and they hope he will continue in the lumber business here next summer. He's a lot of life for a baseball team.

It's too bad that great slide had to come in the game it did, for there was so much glory in that game that there oughtn't to be any counter-attraction.

Anderson Pitched Well
Charley Boardman is quite convinced, we'll wager, that pitching baseball against Bismarck isn't like taking candy from infants. And he also knows that Al Anderson, who batted for Bismarck, is some grab artist.

JACK DEMPSEY RETAINS TITLE AGAINST MISKE

Received \$55,000 for Knocking Billy Miske Out in Three Rounds

TO MEET CARPENTIER?

Jack Kearns Says That He'll Go to New York to Meet Georges

Benton Harbor, Mich., Sept. 7.—Jack Dempsey, world's heavy weight champion, received \$55,000 for battling Billy Miske, St. Paul challenger to defeat in the third round of the ten round fight here yesterday afternoon. The total receipts were \$134,904, including state and war taxes. According to the agreement Dempsey was guaranteed \$25,000 with the privilege of accepting 50 per cent of the gate receipts.

Miske fought on a straight guarantee of \$25,000. After the battle it was reported that one of Miske's ribs had been broken by the terrific punch he received in the second round, but the challenger was examined by two physicians as he reached his training camp and they agreed that no fracture existed.

Still Feels Punch
The spot under Miske's heart was still red and sore today from the effects of the punch which he admitted was the blow that staggered him to defeat.

His ribs were bruised and his jaw was very sore but otherwise he was none the worse for his experience. Dempsey did not bear a mark of the battle. After he had dinner with Promoter Fitzsimmons last night he spent the rest of the evening dancing at a summer pavilion.

He planned to leave for Chicago late this afternoon and will immediately go east in search of new opponents to conquer. Promoter Fitzsimmons declared the contest was a success in all ways.

Want Carpenter Battle
Eight fans now look for a battle between Dempsey and Georges Carpentier, the French heavyweight.

Just before the Benton Harbor battle, Jack Kearns, Dempsey's manager, said that Carpentier could have a battle "in one week, 30 days, 60 days or any time he wants it."

Carpentier has sailed for New York. "I shall meet Carpentier when he lands in New York next week," Kearns said. "Dempsey is in perfect condition and ready to fight at any time. All Carpentier has to do is name the date—we're ready any time he is."

At the start of the fight, his first in 14 months, Dempsey peeled off the same worn and patched red sweater.

There's Casey at the bat. Morkle's homer and a few other baseball "insides" well known to all fans. But we've a little classic all of our own today. And it will be rehearsed many times in the stove league this winter. It's "Christy" Christensen's slide.

A lot of people will differ on their description of that momentous effort, which came in the fifth inning of Sunday's game. Of course, Christy got there. That's his main point. But ours is how he did it. Christy got on first on a fielder's choice. Tough luck robbed him of a hit. Christy was cavorting off first and was trapped. That's Wilton thought Christy was trapped. But Wilton didn't know Christy. It does, now, Charley Boardman threw to first as Christy was going back. The ball caromed nicely off Christy's shoulder and bounded past first. And Christy bounded off toward second. He may have stopped in a kopher hole or just got tired. Anyway Christy fell down a few feet from the bag. But he didn't stop. He scrambled to the bag, making a mighty grab for it. There's the crawl stroke in swimming and some compare Christy's effort to that. And there's the shimmy, and Christy looked a lot like he was introducing the shimmy in baseball. Anyway the crowd liked it, and the fans are mighty glad to know Christy is now a resident of Bismarck, and they hope he will continue in the lumber business here next summer. He's a lot of life for a baseball team.

It's too bad that great slide had to come in the game it did, for there was so much glory in that game that there oughtn't to be any counter-attraction.

Anderson Pitched Well
Charley Boardman is quite convinced, we'll wager, that pitching baseball against Bismarck isn't like taking candy from infants. And he also knows that Al Anderson, who batted for Bismarck, is some grab artist.

THE CHAMPION

JACK DEMPSEY

that he wore when he knocked out the less than two and one-half rounds of fighting. In the second he was on the floor for the count of five. In the fatal third, driven to his corner under a rain of lefts and rights to the stomach and chin, the challenger took the count of nine, and had just regained his feet when Dempsey, carefully measuring his balance, finished the Round three — Dempsey danced

bout with right hand punch to the chin. The fight was watched by one of around three Dempsey danced a championship match. Women were scattered all through the audience.

Best Man Won
"Dempsey is a better man than I am. The punch that floored me in the second round all but caved in my ribs. I never was hit so hard in my life. I had not recovered from its effects when the third round opened. I think Dempsey is unbeatable. I fought the best battle I could but was whipped before I really got started."

Dempsey, after a bath at his camp just outside the arena, made this statement: "I told my friends I would win. Miske is tough and I trained and fought him with as much caution as I would fight any heavyweight. The punch that started him on his way was a smash to the stomach in the second round. After that I was confident I could end it whenever I wanted to, but I fought carefully and took no chances. The finish came before I could get warmed up."

In the preliminaries, Harry Greb, Pittsburgh, and Chuck Wiggins, Indianapolis, light-heavyweights, fought a six-round draw, while Bill Tate, Dempsey's sparring partner, won from Sam Langford, Boston negro heavyweight, by a shade.

Fight by Rounds
Round one — Miske sent a left to the head. They danced around the ring. Dempsey landed a right and left to the head and they came in. Dempsey missed a left hook but landed two rights to the head. Dempsey drove a right to the head. Dempsey landed a left hook to the mouth. Dempsey hooked two lefts to the head and exchanged punches to the body as they came together in a clinch. The bell sounded with both men fighting in the center of the ring.

Round two — They rushed into a clinch. Referee Dougherty had difficulty breaking them. Dempsey landed a left hook to the chin and followed it with a right cross. He floored Miske with a right hand punch and the challenger took the count of five. Miske fell into a clinch to protect himself. Dempsey landed three lefts to the jaw on the break-away and a half dozen hard rights to the body. The champion missed a right swing to the head and drove Miske into his own corner, hooking him with a left to the chin.

Round three — Dempsey danced

around the ring and hooked a hard left and right to Miske's body. Miske landed a left to the jaw, and Dempsey swung a right to the jaw knocking Miske down. When Miske started to his feet Dempsey swung over the finishing blow with a right to the chin and Miske crumpled in his own corner, knocked out.

CINCINNATI IN FIRST PLACE IN PENNANT CHASE

Cincinnati, Sept. 7.—Cincinnati went into first place in the National league by defeating St. Louis twice on Labor day. Cincinnati lost two to Philadelphia, and dropped to a percentage of .582, while Cincinnati stood at .575. New York is but eight points behind Brooklyn.

Cleveland retained the American league lead by winning two games from St. Louis, but the Chicago White Sox, dangerous contenders, in second place, also won two. New York won both games. Babe Ruth, who knocked his 46th home run the other day, setting a new world record, fanned three times in the morning Labor day game. Pitcher Keefe, of Philadelphia, fanning him.

St. Paul continued its race horse-pace in the American Association, taking two games Labor day from Minneapolis.
